These podcasts go beyond surface-level reporting, dedicating significant time and resources to meticulously investigate complex cases. They often involve original reporting, interviews with key figures, and a thorough examination of evidence. Finding these gems on Amazon Music requires looking for titles known for their journalistic integrity and commitment to uncovering new information.

These podcasts unfold like a meticulously crafted documentary, revealing new details and twists with each episode. Listeners become invested in the narrative, eager to discover the outcome. best true crime podcasts on amazon music: Disgraceland Jake Brennan, 2019-10-01 From the creator of the popular rock 'n' roll true crime podcast, Disgraceland comes an off-kilter, hysterical, at times macabre book inspired by true stories from the highly entertaining underbelly of music history. You may know Jerry Lee Lewis married his thirteen-year-old cousin but did you know he shot his bass player in the chest with a shotgun or that a couple of his wives died under extremely mysterious circumstances? Or that Sam Cooke was shot dead in a seedy motel after barging into the manager's office naked to attack her? Maybe not. Would it change your view of him if you knew that, or would your love for his music triumph? Real rock stars do truly insane things and invite truly insane things to happen to them; murder, drug trafficking, rape, cannibalism and the occult. We allow this behavior. We are complicit because a rock star behaving badly is what's expected. It's baked into the cake. Deep down, way down, past all of our self-righteous notions of justice and right and wrong, when it comes down to it, we want our rock stars to be bad. We know the music industry is full of demons, ones that drove Elvis Presley, Phil Spector, Sid Vicious and that consumed the Norwegian Black Metal scene. We want to believe in the myths because they're so damn entertaining. Disgraceland is a collection of the best of these stories about some of the music world's most beloved stars and their crimes. It will mix all-new, untold stories with expanded stories from the first two seasons of the Disgraceland podcast. Using figures we already recognize, Disgraceland shines a light into the dark corners of their fame revealing the fine line that separates heroes and villains as well as the danger Americans seek out in their news cycles, tabloids, reality shows and soap operas. At the center of this collection of stories is the ever-fascinating music industry--a glittery stage populated by gangsters, drug dealers, pimps, groupies with violence, scandal and pure unadulterated rock 'n' roll entertainment.

best true crime podcasts on amazon music: RedHanded Suruthi Bala, Hannah Maguire, 2021-09-14 2021 Listeners' Choice British Podcast Awards Winner What is it about killers, cult leaders, cannibals, cults, and criminals that capture our imaginations even as they terrify and disturb us? How do we responsibly consume these kinds of stories as entertainment, and more importantly, what can we learn from them? RedHanded rejects the narrative of killers as monsters and that a victim was in the wrong place at the wrong time, and instead tells the stories we want to hear in a way that challenges perceptions and asks the hard questions about society, gender, poverty, culture, and even our politics. After meeting at a party in London where they both discovered they listened to the same murder podcasts, Hannah Maguire and Suruthi Bala drunkenly promised to one day start their own true crime podcast together and the rest is history. From the hosts of the hit true crime podcast RedHanded (dubbed by Rick & Morty creator Dan Harmon as the best true crime podcast I've heard, ever), Hannah Maguire and Suruthi Bala have amassed a cult following of spooky bitches amounting to an incredibly strong 63k downloads per episode and 728k backlist downloads every month in the US alone. With candor, humor, interviews with experts, research on real-life cases, and an unflinching dissection of what makes a killer tick, Bala and Maguire take us through the societal, behavioral, and cultural phenomena that make victims -- and their murderers -- our collective responsibility and to find out once and for all: what makes a killer tick?

best true crime podcasts on amazon music: True Crime Case Histories - Volume 10

Jason Neal, 2022-12 12 Disturbing True Crime Stories of Murder and Mayhem Volume 10 of the True Crime Case Histories Series (2022) Readers Love This Series - Over 7,000 Five-Star Ratings on Amazon & Goodreads True crime is not for everyone. But chances are, if you've picked up this book, you already know that. Actual true crime is not like watching an episode of CSI. Even television true crime documentaries can skim over the sticky details. Real true crime can be unsettling for many people. However, I do my best not to leave out any details in my books. My intention isn't to shock but rather to give the reader a glimpse into the killer's mind. I don't begin to think that I can understand the mind of a diabolical monster, but I can guarantee that curiosity will keep us turning pages and endlessly searching for answers. Each story in my books requires hours of tedious research. I search through court records, old newspaper articles, police records, autopsy reports, and first-hand accounts. Although I may occasionally change a character's name or fictionalize bits of dialogue, these crimes really happened to real people. Sadly, this is the world in which we live. A sampling of the stories includes: A Sad Holiday Season - In the north of England, a sixteen-year-old girl disappeared after Christmas shopping with her friend. A massive manhunt led police to a serial killer who lived just blocks away from her home. Pretty in Pink - A teenage girl showed up at the door of a farmhouse bruised, bloody, and unable to remember how she got there. Investigators dug through the clues to uncover a bizarre love triangle and a gruesome murder. A Perfect Holiday - After her partner is sent to prison for molesting her eldest daughter, a mother will do anything to keep her two youngest children from being taken by social services. The Christmas Tree Farm Murders - An elderly couple in southwest Washington disappeared hours before they were due to host a Christmas party at their home. It took detectives twenty-seven years to bring the killer to justice. They Got in the Way - A single mother of two young children would do absolutely anything to spend more time meeting sex partners online. Even the unthinkable. The Girl Scout - When a seven-year-old girl disappears from her upstairs bedroom in the middle of the night, a small community realizes they have a devious predator in their midst. Plus many more disturbing stories. We may never really understand what goes on inside the mind of a killer, but at least by studying the case histories and knowing their backstory, we might gain insight into what makes them tick. With any luck, we can learn from the past.

best true crime podcasts on amazon music: True Crime Case Histories - Volume 9

Jason Neal, 2022-06-19 12 Twisted True Crime Stories of Murder and Deception Volume 9 of the True Crime Case Histories Series (2022) Readers Love This Series - Over 7,000 Five-Star Ratings on Amazon & Goodreads If you're a fan of true crime, you're undoubtedly familiar with the big-name cases; Ted Bundy, BTK, David Berkowitz, Christopher Watts, Diane Downs, Casey Anthony, Jeffrey Dahmer, Jodi Arias, Ed Gein, etc. The list of well-known, notorious cases throughout history is seemingly endless. Books, websites, podcasts, streaming television series, and magazines are filled with their abhorrent tales of mayhem. They're some of the most foul killers the world has ever known. In my books, I do my best to find stories you may not have heard of. To do this I count on my readers to send me stories that may have gone forgotten and aren't found all over the internet. Several readers submitted stories found in this volume, including the story of five-year-old Stephanie Hebert, who walked only three houses down her quiet suburban sidewalk and disappeared forever. Her case went cold for forty years before other children from her neighborhood came forward in their adulthood with information leading to the killer. In this volume, you'll find twelve assorted true crime stories ranging in date from the 1950s to 2020. There's the story of the sadistic mother who viewed her children only as the spawn of their demon father, torturing them for their entire short lives. You'll also read of the deranged husband and wife team who started their own cult and made it

their life's mission to rid the world of witches. Another story tells the disheartening tale of a toddler's skeleton found in a suitcase on the side of the road. Motorcyclists discovered her mother's skeleton more than 600 miles away. Five years had passed, with no one even realizing they were missing. Plus many more disturbing stories. The stories in this volume are shocking and exhibit human behavior at its absolute worst. Pure evil. However, these things really happen in the world. We may never understand what goes on in a killer's mind, but at least we can be better informed. best true crime podcasts on amazon music: True Crime Case Histories - Volume 4 Jason Neal, 2020-06-09 12 True Crime Stories of Murder & MayhemFourth Book of the True Crime Case Histories Series (2020)If you've read the previous volumes of the True Crime Case Histories series, you know that I like to start with a brief word of warning. The stories included in this book are truly depraved and shocking. They are not for the squeamish. Many true crime television shows and news articles often leave out the gruesome details, simply because they may be too much for the average viewer or reader. With my books, I try not to leave out the details no matter how vicious they may have been. My intention is not to shock, but to provide a clear and accurate description of some of the most evil minds of the world. Though the stories are brief, I do my best to include enough detail so that the reader can get a better look into the demented mind of the killer.This volume features twelve of the most incomprehensible stories of the last sixty years. Trying to understand the motivation behind murders like these can be an exercise in futility. But one thing is for sure, - the stories in this volume will keep you turning pages.Volume 4 features: longer stories, more photos,

three bonus chapters, and an online appendix with additional photos, videos, and documents. In this book you'll learn about a story that has haunted me since I was a little kid growing up in southwest Washington. I lived a normal American life where I could ride my bike around my small town from dusk till dawn without a care in the world. When I was twelve years old, a boy in my neighborhood just a year older than myself disappeared and was later found murdered. At the time I didn't know many of the details, but after researching the story all these years later and realizing that monsters like Tommy RagA sampling of the additional stories include: The Broomstick Killer: The Texas Penal System failed to protect the people of Texas by releasing a brutal killer of three teenagers. As a result he killed as many as eleven more women. Body in the Bag: A young man obsessed with the macabre listened to the voices in his head when his teenage girlfriend dumped him. Authorities found her eight weeks later stuffed inside a duffel bag. The Copper Gulch Killer: A sixteen-year-old prodigy child is found with five gunshots from three different guns, but police are convinced there was only one killer. Ten years later crime scene evidence is found in an abandoned storage locker. Zack and Addie: A young New Orleans couple are featured in the New York Times when they refused to leave their French Quarter home during Hurricane Katrina. One year later they're both dead with body parts found on the stove and in the fridge. The Incest Killer: Katie Fusco learned she she was adopted when she was eighteen. Within a year she was married to her biological father and pregnant with his child. When authorities force them apart, everybody dies. The Kicevo Monster: The story of the newspaper reporter that kidnapped, tortured, and butchered women that resembled his mother, then wrote stories of the killings in his newspaper articles. Plus five more disturbing stories. The stories in this volume are revolting and disconcerting, but they're true. These things really happen in the world.
