How to Choose the Right True Crime Podcast for You

The Ethical Considerations in True Crime Storytelling

## Understanding the Appeal of True Crime Podcasts

The enduring fascination with true crime podcasts stems from a complex interplay of human psychology and the inherent drama of real-life events. These audio narratives tap into our innate curiosity about the darker aspects of human nature, the thrill of solving a puzzle, and a desire for justice. The podcast format, in particular, allows for an intimate and immersive experience, making listeners feel as though they are participating in the investigation or piecing together clues alongside the hosts. This deep engagement fosters a unique connection with the subject matter, often leading to passionate discussions and dedicated fan communities.

Furthermore, the rise of the podcast medium has democratized access to investigative journalism and storytelling. Many true crime podcasts are independently produced, allowing for diverse perspectives and innovative approaches that might not be found in traditional media. This accessibility, coupled with the compelling nature of the stories themselves, has cemented true crime podcasts as a dominant force in the audio landscape. They offer a blend of education, entertainment, and a critical examination of societal issues, making them more than just simple retellings of events.

## Top True Crime Podcasts to Listen to in May 2025

As May 2025 arrives, several true crime podcasts are consistently ranking high in popularity

and critical acclaim. These shows are distinguished by their meticulous research, compelling narrative arcs, and often, their groundbreaking investigative work. They represent the pinnacle of the genre, offering listeners a diverse range of cases and perspectives that are both informative and deeply engaging. Whether you're drawn to cold cases, wrongful convictions, or the psychology of criminals, there's something for every discerning listener.

## Unsolved Mysteries and Cold Cases

The allure of unsolved mysteries is a cornerstone of the true crime genre, and several podcasts excel at breathing new life into these enduring enigmas. These series often involve deep dives into historical cases, re-examining evidence, interviewing new potential witnesses, and exploring overlooked theories. The persistent hope of finding answers or bringing closure to victims' families drives the narrative and captivates the audience.

- **Serial:** While not new, its investigative rigor and focus on a single, complex case continues to set a high bar. The impact of its deep dives into evidence and legal proceedings remains unparalleled.
- **Up and Vanished:** This podcast focuses on missing persons cases, with host Payne Lindsey often actively involved in re-investigating cold cases, sometimes leading to significant breakthroughs. Its blend of on-the-ground reporting and narrative storytelling is highly effective.
- **Casefile True Crime:** Known for its anonymous host and meticulously researched, often chilling, accounts of various crimes, Casefile consistently delivers well-produced episodes that explore a wide array of cases, including many cold and unsolved ones.

## Serial Offender Deep Dives

Podcasts that meticulously dissect the lives and crimes of serial offenders offer a disturbing yet fascinating glimpse into the darker corners of the human psyche. These productions go beyond mere recounting of atrocities, delving into the perpetrator's background, motivations, and the psychological patterns that may have contributed to their actions. Such investigations often require extensive documentation and careful analysis to present a comprehensive, albeit grim, portrait.

- **Mindhunter: Inside the FBI's Elite Serial Crime Unit:** Based on the experiences of FBI agents, this podcast delves into the early days of criminal profiling and the psychological insights gained from interviewing notorious serial killers. It offers a unique perspective on the development of forensic psychology.
- **The Killing Season:** This investigative series explored the long-undermined investigation into the Long Island serial killer. It highlighted the systemic failures and the dedicated efforts of those seeking justice, offering a nuanced look at a complex and disturbing case.

## Focus on Wrongful Convictions and Justice System Flaws

A critical and increasingly popular subgenre of true crime podcasting is dedicated to examining instances of wrongful conviction and the flaws within the justice system. These podcasts not only tell compelling personal stories but also serve as a powerful tool for advocacy, shedding light on systemic issues and the devastating impact of judicial error. They often feature extensive interviews with the wrongly accused, their families, and legal advocates.

These shows champion the pursuit of truth and justice, often highlighting how crucial evidence can be overlooked, misinterpreted, or even suppressed. The narrative is frequently one of resilience and the arduous fight for exoneration, resonating deeply with listeners who are invested in fairness and equity. They prompt important conversations about the fallibility of the legal process and the imperative for reform.

- **Undisclosed:** Hosted by Rabia Chaudry, Colin Miller, and Susan Simpson, this podcast meticulously re-examines cases of potential wrongful conviction, focusing on DNA evidence, prosecutorial misconduct, and flawed legal proceedings. Its commitment to detail is extraordinary.
- **The Innocence Files:** Produced by Netflix and also available in podcast form, this series details cases handled by the Innocence Project, showcasing the systemic issues that lead to wrongful convictions and the tireless efforts to correct these injustices.

## Investigative Journalism and True Crime Blends

Many of the most compelling true crime podcasts are born from rigorous investigative journalism. These series go above and beyond standard reporting, embedding themselves in communities, unearthing new information, and presenting complex narratives with clarity and depth. They often tackle cases with significant societal implications or those that have been largely ignored by mainstream media.

The strength of these podcasts lies in their commitment to truth-finding and their ability to weave intricate stories that keep listeners engaged. They frequently involve multiple episodes dedicated to a single case, allowing for a comprehensive exploration of facts, interviews, and contextual information. This approach not only educates the listener but also fosters a deeper understanding of the human elements involved.

- **Someone Knows Something:** Host David Ridgen dedicates each season to a specific unsolved homicide, working with the victims' families and local communities to uncover new leads and shed light on long-cold cases.
- **In the Dark:** This Peabody Award-winning podcast has undertaken deep investigations into two separate cases, exposing significant failures within the justice system and unearthing critical new information that had been previously overlooked. Its investigative prowess is exceptional.

# **Emerging Trends in True Crime Podcasting**

The true crime podcast landscape is not static; it is constantly evolving, driven by audience demand, technological advancements, and the creativity of its creators. As we look towards May 2025, several emerging trends are shaping the genre, promising even more nuanced, ethical, and engaging content. These developments reflect a growing maturity in how true crime is presented and consumed.

## **Increased Focus on Victimology and Survivor Stories**

There is a discernible shift towards prioritizing the voices and experiences of victims and survivors. While sensationalism has often been a critique of the genre, a growing number of podcasts are now dedicated to telling these stories with empathy, respect, and a focus on their resilience and the pursuit of justice, rather than solely on the perpetrator or the gruesome details of the crime. This approach aims to honor the individuals impacted by crime and to use their narratives to educate and advocate.

## **Greater Emphasis on Ethical Storytelling and Responsible Journalism**

As true crime podcasts gain more mainstream attention, so too does the scrutiny of their ethical practices. Creators are becoming more aware of the potential harm their reporting can cause to victims' families, the accused, and ongoing investigations. This has led to a stronger emphasis on responsible journalism, including thorough fact-checking, transparency about sources, and a more sensitive portrayal of sensitive material. The goal is to entertain and inform without exploiting or re-traumatizing.

## **Expansion into Broader Societal Issues**

The most compelling true crime podcasts in May 2025 are increasingly using individual cases as springboards to explore larger societal issues. This includes examining systemic racism, poverty, mental health, domestic violence, and failures in law enforcement or the legal system. By connecting specific crimes to broader societal contexts, these podcasts offer a more profound and critical understanding of crime and its roots.

## **How to Choose the Right True Crime Podcast for You**

With the sheer volume of true crime podcasts available, navigating the options can feel overwhelming. However, by considering a few key factors, listeners can effectively find

shows that align with their preferences and ethical expectations. The best approach involves understanding what you are looking for in a true crime narrative and then seeking out podcasts that meet those criteria.

## **Consider Your Interests**

The true crime genre is vast, encompassing everything from historical mysteries and unsolved disappearances to contemporary investigations and wrongful convictions. Reflect on which aspects of crime stories intrigue you the most. Are you fascinated by forensic science, the psychology of criminals, the legal battles, or the human stories of survival and resilience?

## **Evaluate the Host's Style and Approach**

The narrator's voice, tone, and investigative style can significantly impact your listening experience. Some podcasts feature a single, authoritative host delivering meticulously researched scripts, while others employ a team of investigators or incorporate more conversational elements with interviews and sound design. Consider whether you prefer a serious, somber tone or a more investigative, documentary-style approach.

## **Read Reviews and Check Episode Structures**

Before committing to a series, it's beneficial to read reviews from other listeners and critics. Look for feedback regarding the podcast's research quality, narrative pacing, and ethical considerations. Browsing the episode descriptions can also give you a good sense of the cases covered and the depth of the investigation. Many podcasts offer bonus episodes or trailers that can help you get a feel for the show.

## **Prioritize Ethical Considerations**

Given the sensitive nature of true crime, it's important to choose podcasts that approach their subject matter responsibly. Look for shows that are transparent about their sources, treat victims and their families with respect, and avoid sensationalism. Podcasts that focus on advocacy or reform, or those that clearly delineate between fact and speculation, often exemplify a more ethical approach.

## **The Ethical Considerations in True Crime Storytelling**

The immense popularity of true crime podcasts brings with it a significant ethical responsibility for creators. As these narratives delve into the most tragic events of people's lives, it is paramount that they are presented with sensitivity, accuracy, and a profound respect for all individuals involved, especially victims and their families. The potential for

harm is substantial, and responsible storytelling is no longer a secondary concern but a fundamental aspect of the genre.

One of the primary ethical considerations is the potential for re-traumatization. When podcasts detail horrific crimes, especially those involving sexual assault or violence against children, they risk re-opening wounds for survivors and their loved ones. Creators must carefully consider the graphic nature of the content and whether its inclusion serves a clear informational or investigative purpose, rather than gratuitous sensationalism. This involves making deliberate choices about what details to include, how to frame them, and whether trigger warnings are adequately provided.

Furthermore, the presumption of innocence must be maintained, especially when discussing cases that are still under appeal or where legal proceedings are ongoing. Podcasts should avoid presenting allegations as proven facts, and they must be scrupulous in their research to avoid spreading misinformation or damaging reputations. The use of anonymous sources or speculative theories needs to be clearly identified as such, ensuring that the audience understands the basis of the information presented. Transparency about the investigative process and any potential biases is also crucial for building trust and maintaining credibility.

The financial impact on victims' families and those involved in the criminal justice system is another area of ethical concern. Some podcasts generate significant revenue through advertising and sponsorships, raising questions about how this wealth is generated from real-life tragedy. While it is not always feasible to directly compensate families, podcasts that highlight the ongoing struggles of victims or advocate for victims' rights can demonstrate a more constructive engagement with the subject matter. Ultimately, the best true crime podcasts in May 2025 will be those that balance compelling storytelling with a deep commitment to ethical reporting and a genuine respect for the human cost of crime.

## **FAQ Section**

### **Q: What are some of the most anticipated new true crime podcasts releasing in late 2024 or early 2025?**

A: While specific release dates for new seasons and series are often announced closer to their launch, based on past trends and established creators, listeners can anticipate new installments from popular investigative series like "Someone Knows Something" and potentially new deep dives from independent producers focusing on overlooked cold cases. Keep an eye on established podcast networks and independent creators known for their commitment to meticulous research and impactful storytelling in the true crime genre.

### **Q: How do the best true crime podcasts of May 2025 differ from those of previous years?**

A: The best true crime podcasts in May 2025 are increasingly characterized by a more

nuanced approach, with a greater emphasis on victimology, survivor stories, and a critical examination of systemic issues within the justice system. There's a growing trend towards responsible journalism, prioritizing accuracy and empathy over sensationalism, and a deeper engagement with the societal contexts that contribute to crime.

## **Q: Are there any true crime podcasts in May 2025 that focus on international cases?**

A: Yes, many of the top true crime podcasts in May 2025 explore cases from around the globe. Podcasts like "Casefile True Crime" frequently cover international cases, and other investigative series often branch out to explore criminal justice systems and notorious crimes in different countries. Listeners interested in global perspectives should look for podcasts that explicitly mention international investigations in their descriptions.

## **Q: What are the ethical considerations I should be aware of when listening to true crime podcasts in May 2025?**

A: Ethical considerations include the potential for re-traumatization of victims and their families, the importance of maintaining the presumption of innocence, avoiding sensationalism, and ensuring the accuracy of information presented. Responsible podcasts will treat their subjects with respect, be transparent about their sources, and avoid exploitative practices.

## **Q: How can I find true crime podcasts that are less focused on graphic details and more on the investigation and psychological aspects?**

A: To find podcasts less focused on graphic details, look for those that emphasize investigative journalism, psychological profiling, or legal analysis. Podcasts that mention their focus on "systemic issues," "wrongful convictions," or "criminal psychology" are often good indicators. Reading episode descriptions and listener reviews can also provide insight into the show's approach.

## **Q: What is the role of host bias in true crime podcasts, and how can I identify it in May 2025?**

A: Host bias can manifest in how information is presented, which sources are prioritized, and the overall narrative framing. Identifying bias involves critically assessing the information presented, looking for balanced reporting, and being aware of any strong personal opinions or agendas that the host may express. Comparing information from multiple sources and podcasts can also help in discerning potential bias.

'The wealth of information is staggering.' The Times

**best true crime podcasts may 2025: Trial by Media** Lieve Gies, 2025-02-24 This edited collection brings together scholars from criminology, law, media and communication studies, politics and linguistics to consider the different meanings and dimensions of trial by media. Trial by media remains an under-researched and under-conceptualised phenomenon. This book sheds new light on the complex and evolving interfaces between courts, media and justice. It features original analysis of high-profile cases of media trials including Nicola Bulley (UK), Lindy Chamberlain (Australia), Chris Dawson (Australia), Sanda Dia (Belgium), Dragan Vasiljković (Australia) and Roman Zadorov (Israel). Acknowledging the risks and benefits of heightened media scrutiny of the criminal justice system, the book challenges the notion that trial by media is invariably incompatible with the requirements of natural justice. It also foregrounds ways in which media trials routinely occur in the absence of a legal trial, arguing that there is a need to broaden and rethink the concept of trial by media. The book reflects on the enduring significance of legacy media for public perceptions of the law and the disruptive impact associated with digital media. Furthermore, the collection considers the implications of trial by media for the integrity of court proceedings and the protection of human rights. It offers an assessment of the potential demise of court reporting and its traditional bridging function between courts and public opinion.

**best true crime podcasts may 2025: Scriptwriting Secrets for True Crime** Barrett Williams, ChatGPT, 2025-07-21 Discover the ultimate guide to crafting captivating true crime scripts that will leave your audience on the edge of their seats. **best true crime podcasts may 2025: *The Happy Writer*** Marissa Meyer, 2025-01-28 From #1 New York Times bestselling author and the creator and host of the popular podcast, *The Happy Writer*, comes the ultimate guide to writing with less stress and more JOY. If you aren’t suffering, you aren’t creating. Right? Wrong! Writing can and should be joyful, fulfilling... even fun! Applicable to writers in all genres and disciplines—from screenwriters to novelists, journalists to picture book authors, aspiring to many-times published—*The Happy Writer* is a heartfelt and optimistic guide that will show you the way to a happier writing journey. Part craft guide, part writing coach, and part cheerleader, this book offers useful advice on a slew of common writing and publishing ailments, such as how to end procrastination, how to build a social media platform that reflects your personality, how to get your imagination to overflow with new ideas, how to listen to your intuition when receiving a critique on your work, how to overcome impostor syndrome, what to do when you’re stuck in the query trenches, and so much more. No matter where a writer might be on their creative journey, Meyer encourages them to tap into their own personal sources of joy and to

celebrate every milestone, all while confronting challenges (writer's block! rejection! burnout!) with a reservoir of resources for every temperament, budget, and career. Known in writers' circles as a generous mentor, Meyer shares stories from her own writing path to help every writer discover the ultimate joys of living their best writing life.

**best true crime podcasts may 2025: The Modern Fortune-Teller's Field Guide** Tom Benjamin, 2025-10-07 A groundbreaking approach to the practice of divination. Historically, fortune-tellers have always stood on the margins of society and been villainized by the Christo-colonial powers that view divination as competition. The Modern Fortune-Teller's Field Guide takes a contemporary and engaged approach to divination, with a strong focus on social responsibility. Because fortune-tellers can see the world as it is, they serve as a threat to structures that benefit from secrecy. The Modern Fortune-Teller's Field Guide is an essential guide to anyone seeking theory and history alongside divinatory knowledge. Though anyone today can pick up a pack of tarot cards or begin casting bones, fortune-tellers have a responsibility in taking up that work to not only consider the forebears who suffered for that art but also to understand the systems of oppression that impact our clients. We must understand that spiritually bypassing a client's reality is not only ineffective but also cruel.

**best true crime podcasts may 2025: Case Cracked** Barrett Williams, ChatGPT, 2025-09-14

**best true crime podcasts may 2025: RedHanded** Suruthi Bala, Hannah Maguire, 2021-09-14  
2021 Listeners' Choice British Podcast Awards Winner What is it about killers, cult leaders, cannibals, cults, and criminals that capture our imaginations even as they terrify and disturb us? How do we responsibly consume these kinds of stories as entertainment, and more importantly, what can we learn from them? RedHanded rejects the narrative of killers as monsters and that a victim was in the wrong place at the wrong time, and instead tells the stories we want to hear in a way that challenges perceptions and asks the hard questions about society, gender, poverty, culture, and even our politics. After meeting at a party in London where they both discovered they listened to the same murder podcasts, Hannah Maguire and Suruthi Bala drunkenly promised to one day start their own true crime podcast together and the rest is history. From the hosts of the hit true crime podcast RedHanded (dubbed by Rick & Morty creator Dan Harmon as the best true crime podcast I've heard, ever), Hannah Maguire and Suruthi Bala have amassed a cult following of spooky bitches amounting to an incredibly strong 63k downloads per episode and 728k backlist downloads every

month in the US alone. With candor, humor, interviews with experts, research on real-life cases, and an unflinching dissection of what makes a killer tick, Bala and Maguire take us through the societal, behavioral, and cultural phenomena that make victims -- and their murderers -- our collective responsibility and to find out once and for all: what makes a killer tick?

**best true crime podcasts may 2025: *Stay Sexy and Don't Get Murdered*** Georgia Hardstark, Karen Kilgariff, 2021-03-04 THE SUNDAY TIMES BESTSELLER FROM THE CULT-HIT TRUE CRIME PODCAST, MY FAVORITE MURDER In STAY SEXY & DON'T GET MURDERED, Karen Kilgariff and Georgia Hardstark, hosts of true crime comedy podcast 'My Favorite Murder,' open up about their lives more intimately than ever in their confessionally honest and hilarious debut book, titled after their podcast sign-off. **best true crime podcasts may 2025: *Dianne Jones True Crime Stories - Volume 1*** Cuqi And Co Publication, Dianne Jones, 2024-02-16 True crime is not for everyone. But chances are, if you've picked up this book, you already know that. Actual true crime is not like watching an episode of CSI. Even television true crime documentaries can skim over the sticky details. Real true crime can be unsettling for many people. However, I do my best not to leave out any details in my books. My intention isn't to shock but rather to give the reader a glimpse into the killer's mind. I don't begin to think that I can understand the mind of a diabolical monster, but I can guarantee that curiosity will keep us turning pages and endlessly searching for answers. Each story in my books requires hours of tedious research. I search through court records, old newspaper articles, police records, autopsy reports, and first-hand accounts. Although I may occasionally change a character's name or fictionalize bits of dialogue, these crimes really happened to real people. Sadly, this is the world in which we live. The stories in this volume are terrifying and represent human behavior at its absolute worst. Pure evil. However, these things really happen in the world and we shouldn't ignore that fact. We may never understand what goes on in a killer's mind, but at least we can be better informed. We may never really understand what goes on inside the mind of a killer, but at least by studying the case histories and knowing their backstory, we might gain insight into what makes them tick. With any luck, we can learn from the past. in this you will find True crime of: Scroll up to get your copy True crime is not for everyone. **best true crime podcasts may 2025:** *The Best True Crime Stories of the Year 2025* Douglas Preston, Pete Crooks, 2025-10-14 Bestselling author Douglas Preston selects the best true crime writing from the past year, aided by series editor Pete Crooks, to produce an eclectic collection of intriguing, mysterious, and exciting true tales.

**best true crime podcasts may 2025:** *True Crime Case Histories - Volume 7* Jason Neal, 2021-08-30 12 True Crime Stories of Murder & MayhemSeventh Book of the True Crime Case Histories Series (2021) If you're familiar with the previous books in the True Crime Case Histories series, you already know that I start each book with a brief warning. Real true crime is not for everyone. The stories in this book represent humanity at its absolute worst. Pure evil. Television crime shows and news articles often skip the gruesome parts of true crime stories. The real details are just too grisly for the average viewer or reader. In my books, however, I do my best to include the details, regardless of how unsettling they may be. Each story requires hours of research. I search through old newspaper articles, court documents, police reports, autopsy results, and first-hand descriptions. Some of the specifics can be disconcerting. I choose to include the details not to shock, but to give the reader a deeper view into the mind of the killer. Although it's unlikely any of us will understand the motives of a diabolical monster, the level of depravity will keep you turning pages. That being said, if you are overly squeamish about the details of true crime, this book may not be for you. If you're okay with it... then let's begin. Volume 7 features: Longer stories, more photos, a bonus chapter, and an online appendix with additional photos, videos, and documents. Volume 7 of True Crime Case Histories features twelve new stories from the past fifty years. A sampling of the stories include: You'll read about a law enforcement officer that took advantage of the trust associated with his uniform. His brutal reign of terror lasted eight years. It took the bravery of two young women that escaped his grasp to bring him down. There's the story of the recent law school graduate with a crush on his neighbor. Rather than asking her out on a date, he stalked and spied on his classmate, eventually taking her life. There's also the heartbreaking story of a single mom, drowning in debt, that did the unthinkable for insurance money. Seven of the stories in this book feature women killers, two of which took the time to meticulously dismember their victims-a task that can take great strength. Another woman manipulated her two teenage boys into killing for her. Yet another woman staged an elaborate hoax to get rid of her loving husband rather than go through the agony of a messy divorce. You'll also read of a sadistic group of up to twelve killers that took joy in abducting and torturing young men in Australia. Sadly, only one of the mysterious group has been brought to justice. Plus many more disturbing stories. The twelve stories in this volume are shocking and disturbing, but they're true. These things really happen in the world. We may never understand why killers do what they do, but at least we can be better informed. You may have heard of a few of the stories in this volume, but there are several I'm almost certain you haven't. Scroll up to get your copy True Crime Case Histories Volume 8 is due out December 2021 and will feature 12 more short stories of; True Crime, Murder & Mayhem, Serial Killer Biographies, and True Murder Case Files.

**best true crime podcasts may 2025: Bizarre True Crime Volume 7** Ben Oakley, 2022-02-09 20 Bizarre True Crime Stories to Weaken Those Knees! Like a FOMO database for true crime podcasts! Ugly Tuna Saloon and The Smiley Face Killers - In one of the most baffling missing person's cases of all time, a man is seen on a security feed entering a bar but never leaving, in a rabbit-hole of a case leading to an unusual serial killer theory. The Great Canadian Maple Syrup Heist - Over the course of several months, a team of thieves stole \$19million worth of Maple Syrup. Here's how they pulled off the most valuable heist in Canadian history. The Vampire Clan Murders - A group of teens obsessed with vampirism formed a cult called the Vampire Clan. Led by a disturbed man believing himself to be a 500-year-old vampire, they ended up committing cold-blooded murder. The Slender Man - Believing an online story of a faceless man who stalks children to be real, two 12-year-old girls lured their friend to the middle of a forest and stabbed her as a sacrifice to the Slender Man. The Body Brokers - A centre where human bodies were donated for science, was discovered to be a human chop-shop where body parts were sold for profit across the United States, all run by a man named Gore. Little Slaughterhouse on the Prairie - The first family of serial killers ran a guesthouse to snare their victims with a secret trap door, until one day they vanished, leaving behind a tale of folklore, conspiracies, and macabre discoveries. Ghost Ship: The True Story of the Mary Celeste - 150 years after the Mary Celeste was found floating in the Atlantic with its crew mysteriously vanished, time seems to have forgotten the real true crime surrounding the ship and its later voyages. Pet Cemetery Murders - A bizarre murder saga involving a pet cemetery owner, a conman, a convicted witness, ghostly hauntings, and a cold case solved thirty years after the fact. Chute to Kill - A professional skydiver died on impact after her parachute failed to open, leading to a mysterious love triangle, an opportunity at revenge, and a search for the truth. Cannibal Island of Death - Thousands of Russians were deported to Nazino island in the wilds of Siberia to cultivate the land, but it went wrong, very wrong, as cannibal gangs ate the weakest to fend off starvation. + TEN MORE varied true crime stories including murder, robbery, serial killers, disappearances, and mysteries! Perfect for late night reading or a quick tale at lunchtime. ^^ ^ SCROLL UP TO GET YOUR COPY NOW! ^^ ^ Follow Ben Oakley on Amazon to be informed of new releases.

**best true crime podcasts may 2025: True Crime Case Histories - (Books 10, 11, & 12)** Jason Neal, 2023-09-14 36 Disturbing True Crime Stories of Murder and Deception Three Book Collection: Volumes 10, 11, and 12 of the True Crime Case Histories Series \*\*\* This series can be read in any order \*\*\* If you're a fan of true crime, you're undoubtedly familiar with the big-name cases: Ted Bundy, BTK, David Berkowitz, Christopher Watts, Diane Downs, Casey Anthony, Jeffrey

Dahmer, Jodi Arias, Ed Gein, etc. The list of well-known, notorious cases throughout history is seemingly endless. Books, websites, podcasts, streaming television series, and magazines are filled with their abhorrent tales of mayhem. They're some of the most foul killers the world has ever known. In my books, I do my best to find stories you may not have heard of. To do this, I count on my readers to send me stories that may have gone forgotten and aren't found all over the internet. In this collection, you'll find 36 True Crime stories from the last 100 years. Many of which you may never have heard of. A sampling of the stories includes: The Crossword Murder - A young East German boy walked to the cinema to meet friends but disappeared somewhere along the snow-packed sidewalks. When his body was later found, the only clue investigators had was a crossword puzzle filled out with green ink. A Sad Holiday Season - In the north of England, a sixteen-year-old girl disappeared after Christmas shopping with her friend. A massive manhunt led police to a serial killer who lived just blocks away from her home. The Leg Thing - A young man of seventeen who derived immense pleasure from the sound of someone else's bones breaking. The Ice Cream Killer - In another story, a female ice cream shop owner, who had felt the urge to kill since she was a child, acted on her impulse and kept her victim's dismembered bodies hidden in the cellar of her ice cream shop. Hidden Betrayals - A successful interior designer uncovers a shocking betrayal when she learns that someone she trusted her entire life has secretly amassed a collection of her intimate photos, prompting her to take drastic measures to ensure he pays the ultimate price for his actions. A Perfect Holiday - After her partner is sent to prison for molesting her eldest daughter, a mother will do anything to keep her two youngest children from being taken by social services. Room 3109 - A wealthy and privileged British Investment Banker, in a cocaine-fueled rage, lured young women to his opulent Hong Kong hi-rise apartment only to brutally torture and kill them while he videotaped the mayhem. The Girl Scout - When a seven-year-old girl disappears from her upstairs bedroom in the middle of the night, a small community realizes they have a devious predator in their midst. Plus, many more disturbing stories. You are about to read several more stories in this volume that are shocking and disturbing, but they're also true. These things really do happen in the world. The stories paint a picture of human depravity that many would prefer to remain hidden. However, it is only by dragging evil into the light that we can begin to understand its terrible allure. Scroll up to get your copy.

**best true crime podcasts may 2025:** *True Crime Case Histories - Volume 6* Jason Neal, 2021-02-07

**best true crime podcasts may 2025:** [True Crime Case Histories - Volume 5](#) Jason Neal, 2020-09-30 12 True Crime Stories of Murder & Mayhem Fifth Book of the True Crime Case Histories Series (2020) Those of you familiar with my previous books in the True Crime Case Histories series know that I always start off with a quick word of warning: real true crime isn't for everyone. Television shows and newspaper articles often gloss over the shocking details because it may be too grisly for the average viewer or reader. When researching these stories, I commonly use actual police reports, court documents, and first-hand descriptions. Some of the details can be disconcerting. I do my best to not leave out any of the details in my books, no matter how depraved they may be. My intent is not to shock, but to show precisely how twisted the mind of a killer can be. That being said, if you are overly squeamish, this may not be the book for you. If you're okay with it, then let's proceed. Volume 5 features: longer stories, more photos, a bonus chapter, and an online appendix with additional photos, videos, and documents. Volume Five features twelve of the most incomprehensible stories of the last fifty years. A sampling of the stories include: In this book, you'll read about a young, intelligent man that would rather kill his entire family with a crossbow than tell his girlfriend that he had been lying to her. You'll also read of the suburban housewife that endured thirty years of an abusive relationship before smashing her husband's skull with a hammer. There's the story of the Amish man, tormented by the threat of Hell, that killed his wife because he thought she was the devil. There's also the Roman Catholic priest that ritualistically butchered a nun, stabbed an upside-down cross into her chest, and anointed her with her own blood. Three stories in this volume take place in Washington State, one of which is of a young girl that ran away from her

Seattle home in the 1970s. For thirty years, her parents believed she was a victim of Ted Bundy, until the real killer was finally caught. In another, a sexual sadist fancied himself a werewolf while he stalked and butchered his prey in unspeakable ways. The stories in this volume are shocking and disturbing, but they're also true. These things really do happen in the world. We may never understand why killers do what they do, but at least we can be better informed. Plus many more disturbing stories. The stories in this volume are revolting and disconcerting, but they're true. These things really happen in the world. Though we will never fully understand the criminal mind, at least we can be better informed. Scroll up to get your copy True Crime Case Histories Volume 6 is due out December 2020 and will feature 12 more short stories of; True Crime, Murder & Mayhem, Serial Killer Biographies, and True Murder Case Files.
