Captain America 4: Sam Wilson's Continued Journey

Guardians of the Galaxy Vol. 4: What Lies Ahead?

The Impact of 2025 on the MCU's Future

Confirmed Marvel Movies for 2025

The 2025 slate for Marvel Studios is shaping up to be monumental, featuring the introduction of key characters and the potential continuation of major storylines. While the exact order and release dates can shift, certain films have been officially announced and are central to the MCU's Phase 6 and beyond. These projects are not just standalone features but are intricately woven into the larger tapestry of the Multiverse Saga, promising significant developments and revelations.

Blade's Arrival: A Darker Tone for the MCU?

Mahershala Ali's Blade has been a long-awaited addition to the Marvel Cinematic Universe, and 2025 is earmarked for his solo film. This project is expected to bring a much-needed gothic and horror-infused element to the MCU, diverging from the more typical superhero fare. The titular character, a half-human, half-vampire, is a formidable hunter of the undead, and his introduction suggests storylines dealing with supernatural threats that have, until now, been largely untouched in the main cinematic continuity. The development of Blade's story is crucial for exploring the darker corners of the Marvel universe, potentially introducing new mythologies and adversaries.

Details surrounding the plot of the Blade movie remain somewhat scarce, but early reports and creative team changes hint at a focus on Blade's personal journey and his place within a hidden supernatural world. The film is anticipated to establish a distinct tone, appealing to fans who enjoy more mature and visceral superhero narratives. The casting of Ali has been met with widespread acclaim, and his presence alone generates significant buzz for the project, marking a highly anticipated entry in the marvel movies

upcoming 2025 list.

Fantastic Four: A New Beginning for Marvel's First Family

The Fantastic Four are finally set to make their official debut in the MCU in 2025. This beloved Marvel family, often referred to as the "First Family," has a rich history of exploration, scientific discovery, and interdimensional adventure. Their introduction is a landmark moment, as they represent a foundational pillar of the Marvel comic book universe. The film is expected to reintroduce Reed Richards, Sue Storm, Johnny Storm, and Ben Grimm to a new generation of moviegoers, albeit with a fresh cast and a new interpretation of their origin story.

The creative direction for the Fantastic Four film is still being finalized, but the expectation is a story that captures the sense of wonder, family dynamics, and cosmic challenges that the characters are known for. Their integration into the MCU opens up a vast array of new narrative possibilities, including potential encounters with iconic villains like Doctor Doom and exploration of the Negative Zone. This is undoubtedly one of the most significant entries on the marvel movies upcoming 2025 list.

Avengers: Secret Wars – The Culmination of an Era?

While technically slated for a later release, the groundwork for *Avengers: Secret Wars* will undoubtedly be laid throughout the films leading up to and including 2025. This epic event, inspired by one of Marvel's most celebrated comic book storylines, is poised to be a massive crossover featuring a vast array of heroes and villains battling across multiple realities. The Multiverse Saga, which began with *Loki* and continues through *Doctor Strange in the Multiverse of Madness* and beyond, is building towards this colossal confrontation.

The scope of *Secret Wars* suggests a narrative that will involve the convergence of various universes, potentially bringing together characters from previous Marvel film adaptations and introducing new threats of unprecedented scale. The impact of this event on the MCU's future is immeasurable, and the films released in 2025 will be crucial in setting the stage for this grand finale. It represents the ultimate ambition for the marvel movies upcoming 2025 list and beyond.

Potential Marvel Projects and Rumors for 2025

Beyond the confirmed releases, the rumor mill for the marvel movies upcoming 2025 list is constantly churning with exciting possibilities. Several other iconic Marvel characters and teams are rumored to be making their way to the big screen, potentially expanding the MCU in significant ways. These potential projects, while not yet officially greenlit for 2025, are heavily discussed within fan communities and industry speculation.

Spider-Man 4: Webslinger's Next Chapter

Following the universe-altering events of *Spider-Man: No Way Home*, the future

of Tom Holland's Spider-Man is a topic of intense interest. A fourth solo film is widely expected, though an official release date has not been set. This next installment is crucial for establishing Peter Parker's place in the MCU's current continuity, especially after his identity was erased from everyone's memory. The challenges he faces will likely be more personal and grounded, dealing with the isolation of his secret identity and the moral quandaries of being a hero without any public recognition.

The potential storylines for Spider-Man 4 could involve new villains, familiar faces making a comeback in unexpected ways, or even a deeper exploration of his supporting cast. The film's success will depend on its ability to navigate the complexities of Spider-Man's established lore while pushing his character arc forward. Its inclusion on any hypothetical Marvel movies upcoming 2025 list is highly probable given the character's enduring popularity.

X-Men Reboot: A Fresh Take on Iconic Mutants

With the acquisition of Fox's Marvel properties by Disney, the arrival of the X-Men in the MCU is a matter of "when," not "if." While no concrete plans for a 2025 release have been announced, a reboot of the X-Men franchise is highly anticipated. This opens up the exciting prospect of introducing iconic mutants like Professor X, Magneto, Wolverine, Storm, and Jean Grey to the established MCU, potentially through the lens of the multiverse or a new origin story.

The challenge for Marvel Studios will be to differentiate their version of the X-Men from previous iterations while staying true to the core themes of prejudice, acceptance, and heroism that define the mutant saga. A 2025 release would allow for a significant build-up, perhaps through post-credit scenes or smaller introductions in other projects. This remains a top-tier wish for many on the Marvel movies upcoming 2025 list.

Captain America 4: Sam Wilson's Continued Journey

Anthony Mackie's Sam Wilson is set to carry the mantle of Captain America forward in his own solo film, *Captain America: Brave New World*, initially slated for a 2025 release. This movie promises to explore Sam's transition into the role of Captain America, facing new challenges and responsibilities as the symbol of freedom and justice. The film will likely delve into his personal journey and the weight of the shield he now carries.

The narrative is expected to see Wilson confronting global threats and perhaps dealing with the legacy of previous Captain Americas. The inclusion of characters like Sharon Carter and the potential for new adversaries makes this a significant addition to the MCU's evolving landscape. Its position on the Marvel movies upcoming 2025 list is one of the more solid confirmations for the year.

Guardians of the Galaxy Vol. 4: What Lies Ahead?

While *Guardians of the Galaxy Vol. 3* seemed to provide a definitive end for this iteration of the team, the enduring popularity of these characters, particularly Rocket, Groot, and Adam Warlock, leaves the door open for future adventures. James Gunn's departure to head DC Studios might suggest a new creative vision or a different direction for any potential *Guardians of the*

Galaxy Vol. 4. However, the universe they inhabit is vast and filled with endless possibilities for galactic escapades.

Any continuation would likely focus on new cosmic threats or further explorations of the Guardians' unique brand of humor and heart. It remains a hopeful entry for fans compiling their personal marvel movies upcoming 2025 list, though its confirmation is purely speculative at this stage. The possibility of seeing these beloved characters again, even with a different team composition, is a tantalizing prospect for the future.

The Impact of 2025 on the MCU's Future

The year 2025 is poised to be a critical juncture for the Marvel Cinematic Universe. The introduction of characters like Blade and the Fantastic Four, alongside the continued development of established heroes and the looming threat of Secret Wars, will significantly shape the trajectory of the Multiverse Saga. Each project plays a vital role in expanding the lore, introducing new thematic elements, and setting the stage for future conflicts and alliances.

The strategic release of these films will allow Marvel Studios to balance grand, universe-altering events with more character-driven stories, ensuring a dynamic and engaging narrative flow. The success of these ventures in 2025 will not only determine the immediate future of the MCU but also lay the foundation for subsequent phases, solidifying the franchise's place in cinematic history.

Q: What are the confirmed Marvel movies releasing in 2025?

A: As of current announcements, the confirmed Marvel movies for 2025 include Blade and Fantastic Four. While Avengers: Secret Wars is part of the Multiverse Saga, its primary release is scheduled for a later date, though its foundational elements will be built in earlier films.

Q: Will there be more than two Marvel movies released in 2025?

A: While only Blade and Fantastic Four are officially confirmed for 2025 release dates, rumors and industry speculation suggest that other projects, such as Spider-Man 4, could also be released within that year. The MCU's release schedule can be fluid, with announcements and shifts occurring regularly.

Q: What is the expected tone for the Fantastic Four movie in 2025?

A: While official details are still emerging, it is widely expected that the Fantastic Four movie will capture the adventurous, family-oriented, and cosmic exploration themes that are central to the characters in the comics. Marvel Studios aims to deliver a fresh and exciting take on Marvel's First Family.

Q: Is Mahershala Ali's Blade movie expected to be darker than other MCU films?

A: Yes, there is a strong indication that Mahershala Ali's Blade film will embrace a darker, more horror-infused tone. This is consistent with the character's comic book origins as a vampire hunter and is expected to introduce a distinct flavor of storytelling to the MCU.

Q: When is Avengers: Secret Wars expected to be released?

A: Avengers: Secret Wars is slated for release in 2027, marking the culmination of the Multiverse Saga. However, the events and narrative threads leading up to this massive crossover will be present in films released in the years prior, including those planned for 2025.

Q: Are there any planned X-Men movies for 2025?

A: There are no officially confirmed X-Men movies for a 2025 release. However, the integration of mutants into the MCU is a high priority following Disney's acquisition of Fox, and discussions and development are likely underway, with a future release being highly anticipated.

Q: What can fans expect from Spider-Man 4 in terms of story?

A: Following Spider-Man: No Way Home, Spider-Man 4 is expected to focus on Peter Parker navigating a world where his identity is a secret known only to him. This could lead to more personal stakes and a more street-level approach to his heroism, though specific plot details remain speculative.

Q: Will any characters from the Fox X-Men universe appear in the MCU's Fantastic Four movie?

A: While not confirmed, the concept of the multiverse in the MCU allows for the possibility of cameos or connections to previous Marvel iterations. However, the primary focus of the Fantastic Four film will likely be introducing the new MCU version of the characters.

marvel movies upcoming 2025 list: *The Compendium of (Not Quite) Everything* Jonn Elledge, 2021-09-16 *The Compendium of (Not Quite) Everything* is a treasure trove of random knowledge. Covering everything from the furthest known galaxies to the murky origins of oyster ice cream, inside you will find a discussion of how one might determine the most average-sized country in the world; details of humanity's most ridiculous wars; and, at last, the answer to who would win in a fight between Harry Potter and Spider-Man. Bizarre, brilliant and filled with the unexpected, *The Compendium* covers the breadth and depth of human experience, weaving its way through words and numbers, science and the arts, the spiritual and the secular. It's a feast of facts for a hungry mind. Includes entries on the cosmos, the human planet, questions of measurement, history/politics, the natural world, leisure and many 'oddities' that don't fit elsewhere...

marvel movies upcoming 2025 list: *Disney and Marvel* Ethan Parker, AI, 2025-02-24 *Disney and Marvel* explores the groundbreaking merger between Disney, a family entertainment giant, and Marvel, a comic book powerhouse, and how this alliance reshaped Hollywood and global popular culture. The book explains how Disney strategically acquired Marvel to secure valuable intellectual property, fueling expansion into new markets and cementing dominance in the entertainment industry. For example, Marvel's near-bankruptcy in the 1990s highlights the precariousness that Disney helped overcome. The book uniquely balances both the business and creative angles of the merger, examining financial implications alongside creative transformations, like adapting comic characters for blockbuster films. The book unfolds in three parts, beginning with a detailed history of Disney and Marvel before the merger, highlighting their respective challenges. It then scrutinizes the acquisition itself, dissecting the negotiation process and strategic rationale from Disney's perspective. Finally, it explores the post-acquisition era, focusing on Disney's integration of Marvel, the creation of the Marvel Cinematic Universe (MCU), and the broader cultural phenomenon of superhero films, making it essential for those seeking to understand corporate strategy, media

trends, and the evolution of superhero storytelling.

marvel movies upcoming 2025 list: Autism Out Loud Kate Swenson, Carrie Cariello, Adrian Wood, 2025-04-01 AN INSTANT NEW YORK TIMES BESTSELLER! In this moving narrative of resilience and pure love, three mothers share their experiences and learnings about life alongside autism -- From the creators of Finding Cooper's Voice, What Color is Monday?, and Tales of an Educated Debutante Kate Swenson, Adrian Wood and Carrie Cariello are from different parts of the country and backgrounds, but they were brought together by a singular experience: they are each a mother to a child with autism. Together they have shared laughter, tears, victories and the unconditional love that molds their lives. Kate, Adrian and Carrie have children with very different autism profiles, and in Autism Out Loud they write about their unique experiences on a variety of topics, from diagnosis to caregiving, schooling and aging. Through their varied stories and lessons they've learned, these incredible women provide a glimpse of what to expect on the autism journey and show parents that they are not alone. Written with honesty and heart, the stories within these pages serve as a reminder that even amid the storms of life, there is always hope and beauty to be found. A tribute to the unparalleled love of mothers, this inspiring book illuminates the joys, challenges and everyday miracles of life on the spectrum.

marvel movies upcoming 2025 list: Lloyd Kaufman Mathew Klickstein, 2025-02-17 After nearly fifty years of disrupting media, gleefully Rabelaisian uberindie filmmaker Lloyd Kaufman (b. 1945) has been maligned, mocked, and—worst of all—ignored throughout the general course of his wildly eclectic and impactful filmography. As the equally huckster-ish and self-denigrating cofounder and president of Troma Entertainment—responsible for the likes of such schlocky “midnight movie” fare as *The Toxic Avenger*, *Sgt. Kabukiman N.Y.P.D.*, *Surf Nazis Must Die*, *Class of Nuke 'Em High*, *Tromeo & Juliet*, and, most recently, *#ShakespearesShitstorm*—Kaufman has indisputably left his slimily viscous fingerprints on moviemaking throughout the past half century. *Lloyd Kaufman: Interviews* gathers together no-holds-barred commentaries, op-eds, Q&As, arguments, and retorts from the prodigious filmmaker. Considering the typical Troma film is known, if at all, for the brand's signature egregious gore, unabashedly scandalous sexual fetishism, sophomoric scatology, and provocative contrarianism, it's easy to understand why Kaufman and his (still metastasizing) oeuvre go without much notice in the mainstream trades or classroom discussions. Like a modern-day P. T. Barnum, if there's one way that Kaufman finds a pragmatic hold on the cultural zeitgeist, it's through his tsunamic deluge of often vivacious, often vulgar, often vicious, and often (most dangerous of all) presciently insightful speaking engagements and interviews provided at an almost manic pace across the globe. Complete with an exclusive interview conducted by volume editor Mathew Klickstein, *Lloyd Kaufman: Interviews* is an extensive deep-dive omnibus from one of cinema's most indefatigably ardent auteurs who may make us all uproariously laugh but refuses to not be taken deadly seriously.

marvel movies upcoming 2025 list: The Short List David Ackert, 2025-01-28 Focus on the right relationships for better business results. When it comes to business development, professionals often struggle—not from a lack of opportunities but from not knowing where to focus their attention. In a world where we can access anyone through six degrees of separation, our 500+ LinkedIn

connections and cluttered CRM databases only exacerbate the question: What is the best use of my time? The Short List delivers a clear, actionable guide to identifying the people you need to prioritize and the techniques you can use to nurture those relationships into career catalysts. It provides a step-by-step plan with easy-to-use exercises to help newcomers get started and seasoned rainmakers hone their approach. Streamline your networking system and elevate your business development results with this indispensable guide. Co-founder and CEO of PipelinePlus, David Ackert, is a highly regarded business development thought leader who has pioneered revenue acceleration programs for hundreds of professional services firms worldwide.

marvel movies upcoming 2025 list: [101 Board Games to Try Before You Die \(Of Boredom\)](#) Jarrod Carmichael, 2025-05-20 Move Over, Monopoly! Find your new favorite board game with this incredible curated guide featuring the best releases from the 21st century. Whether you want to dive into board games as a new hobby, explore screen-free fun with friends, or simply host an unforgettable game night, this resource will help you discover what you've been missing in the world of contemporary board games. Jarrod Carmichael, creator of 3 Minute Board Games, has crafted this book so you can find the perfect game for any occasion or play style. Flip through categories such as family-friendly, storytelling, high- conflict, and more, so you can easily pick a great new game at a glance. Plus, he highlights the best features of each game in easy-to-understand terms, describing not just how it's played, but why you'll love playing it. And with quick callouts about play time, player count, and game complexity, it's easy to find just what you're looking for. With this must-have collection of games that don't miss, you'll never be bored again.

marvel movies upcoming 2025 list: [I Find Your Lack of Faith Disturbing](#) A. D. Jameson, 2025-06-25 Funny, incisive, and timely ... Jameson does for geeks what geek culture does for its superheroes: he takes them seriously, respects their power, and refuses to hide his deep affection. —Lawrence Kasdan, co-screenwriter of *The Empire Strikes Back*, *Return of the Jedi*, *The Force Awakens*, and *Solo: A Star Wars Story* In *I Find Your Lack of Faith Disturbing*, A. D. Jameson takes geeks and non-geeks alike on a surprising and insightful journey through the science fiction, fantasy, and superhero franchises that now dominate pop culture. Walking us through the rise of geekdom from its underground origins to the top of the box office and bestseller lists, Jameson takes in franchises like *The Lord of the Rings*, *Guardians of the Galaxy*, *Harry Potter*, *Star Trek*, and, in particular, *Star Wars*—as well as phenomena like fan fiction, cosplay, and YouTube parodies. Along the way, he blasts through the clichés surrounding geek culture: that its fans are mindless consumers who will embrace all things Spider-Man or Batman, regardless of quality; or that the popularity and financial success of *Star Wars* led to the death of ambitious filmmaking. A lifelong geek, Jameson shines a new light on beloved classics, explaining the enormous love (and hate) they are capable of inspiring in fan and non-fan alike, while exploding misconceptions as to how and why they were made. *I Find Your Lack of Faith Disturbing* tells the story of how the geeks have inherited the earth.

marvel movies upcoming 2025 list: [The Wire](#) Ben Lamb, 2025-02-18 A critical and insightful exploration of arguably the greatest television show of the twenty-first century. In the two decades since *The Wire* first aired, the show has only continued to grow in cultural relevance as America has seen domestic terrorism increase, race relations become ever tenser, political populism become increasingly sectarian, health inequalities worsen, incarceration rates for Black Americans skyrocket, and grassroots racial activism grow. In *The Wire: A Cultural History*, Ben Lamb explores how the twenty-first century's greatest television show changed international perceptions of American policing, drug laws, and race relations forever, and instigated our obsessive streaming of television series. Starting with David Simon's life story and how he came to devise *The Wire*, Lamb takes readers through the casting process for the show's iconic characters and uncovers the stories behind their real-life counterparts; journeys through a complete history of the American cop show to deduce which key programs *The Wire* emulates; traces the economic, social, and racial history of Baltimore from the port to the school system; and outlines how the show's interest in newspapers predicted the rise of populism across world politics. Filled with fascinating behind-the-scenes

anecdotes and critical insights, everyone from die-hard fans to casual viewers will learn something new about how *The Wire* has impacted university courses, the city of Baltimore itself, the Black Lives Matter movement, worldwide drug trafficking laws, and our modern television landscape. As America faces its biggest socio-economic crossroads in generations, this is a must read for television fans interested in how our favorite shows reflect our shifting cultures and politics.

marvel movies upcoming 2025 list: *The Man She Married* Alison Stockham, 2025-01-20 A BRAND NEW compulsive and obsessive read that will have you saying 'just one more chapter!' ☐ Perfect for fans of *Before I Go To Sleep* and Alice Feeney A nail-biting thriller from the top ten bestselling author of *The Cuckoo Sister*. 'Absolutely addictive' ☐☐☐☐ Gemma Rogers How can you fight for a life you can't remember? One moment I was just living my life, finding my way in the world. The next I woke up in a hospital bed with years of my life missing. The man by my side - Rob, my husband - looks familiar, but I can't remember marrying him. I can't remember our life together. Most haunting of all: I can't remember anything about the last five years. The more I try to piece my life back together, the more I question everything - even myself. Who is Rob, really? And can I trust him? More importantly, can I trust myself? Praise for *The Man She Married* 'Razor-sharp and cleverly plotted, this gripping thriller twists and turns with relentless pace, keeping you breathless until the final page' ☐☐☐☐ O J Mullen 'Alison's book had me gripped and unable to stop turning the pages. Each discovery pulled me deeper into the mystery, and the suspense was absolutely addictive.' ☐☐☐☐ Gemma Rogers 'Taut and brimming with suspense, I was pulled into the Beth's chilling story from page one and it never let me go. I had no idea where the twists and turns were going to take me. Horrifyingly brilliant.' ☐☐☐☐ Natali Simmonds 'wow, what a twisty, claustrophobic narrative! The tension was so strong throughout and Beth's confusion and vulnerability was palpable' ☐☐☐☐ Natalie Chandler 'From the first page I was hooked. My grip on the story as tight as main character Beth's fingers on the steering wheel of her car.' ☐☐☐☐ Audrey Davis Praise for Alison Stockham 'An addictive thriller which will keep you hooked until the last page' ☐☐☐☐ Diana Wilkinson 'This is a taut and gripping psychological suspense that I couldn't second-guess.' ☐☐☐☐ Laura Pearson 'A twisty domestic thriller full of heart-wrenching secrets and lies. I never quite knew who to trust, right up to the end!' ☐☐☐☐ Ruby Speechley 'An emotive thrilling read with a sucker punch twist...' ☐☐☐☐ J A Baker '...inventive and twisty and I couldn't stop reading' ☐☐☐☐ Jo Leever 'An emotive, utterly enthralling read brimming with tension, *The New Girl* hooked me in from the very first page and refused to let go.' ☐☐☐☐ Vikki Patis 'The New Girl had me on edge from the explosive beginning to the tension-filled end.' ☐☐☐☐ M A Hunter

marvel movies upcoming 2025 list: *Much Ado About Keanu* Sezin Devi Koehler, 2025-04-29 Thanks to his prolific movie career (seventy-eight movies and counting) and endearing real-life persona, Keanu Reeves has become the universal screen saver of pop culture—nobody can go a few days without some reference to Keanu or his movies popping up. But Reeves is much more than box office receipts and internet memes, and *Much Ado About Keanu* provides the in-depth look at his art, identity, and ethnicity that this oft-misunderstood cultural icon deserves. Despite the sometimes-mocking estimations of his acting skills—and his seven Razzie nominations—Keanu Reeves is one of the most thoughtful and talented performers of his generation, and during his forty-year career he has made huge strides for Asian and Indigenous representation in spite of his identity often being whitewashed. Pop culture sociologist and Reeves devotee Sezin Devi Koehler explores all of this, presenting insightful essays that critically examine Reeves's creative output from an interdisciplinary and intersectional perspective. Those who code Reeves as white miss how his multiracial identity informs so many of his mainstream films, often subverting their most straightforward themes. Criticisms of his acting overlook the popularity and the reach of his work. Koehler's essays challenge how audiences engage with Keanu's movies, highlighting the importance of Keanu as a multitalented artist and trailblazer, not only for racial representation but for intersectional, queer, and feminist readings of cinema as well. *Much Ado About Keanu* connects existing media studies around various themes in Reeves's films—particularly Asian and Indigenous representation, gender studies, philosophy, technology, and sexuality studies—in a Critical Reeves

Theory sure to engage not just fans but all of us who live in Keanu's world.

marvel movies upcoming 2025 list: The Politics of Fantasy Eliot Borenstein, 2025 What happened when J. K. Rowling's mega-blockbuster--born in the United Kingdom and launched to global heights by Hollywood and the full force of Western marketing--came knocking on President Putin's door? The arrival of boy wizard and international star Harry Potter in a recently neoliberal Russia was enormously influential, but neither smooth nor uncontested. The franchise quickly became a lens that focused Russian ambitions and fears during an era characterized by both the hegemony of globalized popular culture and a nationalized conservative backlash. With crisp, engaging prose, Eliot Borenstein leaps from Harry Potter into an exploration of the culture wars and moral panics sparked in Russia by Western-inspired children's literature, extending back into the Soviet period and through the invasion of Ukraine. As cultural products pitched ostensibly to children, the Harry Potter books and films became the perfect objects for criticism, translation, adaptation, parody, attack, mimicry, and meme-making, allowing Russians to carve out their own space in the worldwide market of magical multiverses.

marvel movies upcoming 2025 list: They Fought in the Creature Features Tom Weaver, 1995-01-01 These men and women saved the planet from aliens, behemoths, monsters, zombies, and other bloated, stumbling threats--in the movies, at least--and now they tell their stories. Julie Adams, John Agar, Richard Anderson, John Archer, Jeanne Bates, Billy Benedict, Turhan Bey, Lloyd Bridges, Ricou Browning, Robert Cornthwaite, Louise Currie, Richard Denning, Anne Francis, Mark Goddard, June Lockhart, Eugene Lourie, Jeff Morrow, Lori Nelson, Rex Reason, William Schallert, Don Taylor, George Wallace and Jane Wyatt give behind-the-scenes insights into such classic movies as Creature from the Black Lagoon, Forbidden Planet, Destination Moon and The Beast from 20,000 Fathoms. They also discuss the impact monster-fighting had on their careers and what they are now doing.

marvel movies upcoming 2025 list: LLMs in Production Christopher Brousseau, Matt Sharp, 2025-02-11 Learn how to put Large Language Model-based applications into production safely and efficiently. This practical book offers clear, example-rich explanations of how LLMs work, how you can interact with them, and how to integrate LLMs into your own applications. Find out what makes LLMs so different from traditional software and ML, discover best practices for working with them out of the lab, and dodge common pitfalls with experienced advice. In LLMs in Production you will:

- Grasp the fundamentals of LLMs and the technology behind them
- Evaluate when to use a premade LLM and when to build your own
- Efficiently scale up an ML platform to handle the needs of LLMs
- Train LLM foundation models and finetune an existing LLM
- Deploy LLMs to the cloud and edge devices using complex architectures like PEFT and LoRA
- Build applications leveraging the strengths of LLMs while mitigating their weaknesses

LLMs in Production delivers vital insights into delivering MLOps so you can easily and seamlessly guide one to production usage. Inside, you'll find practical insights into everything from acquiring an LLM-suitable training dataset, building a platform, and compensating for their immense size. Plus, tips and tricks for prompt engineering, retraining and load testing, handling costs, and ensuring security. Foreword by Joe Reis. Purchase of the print book includes a free eBook in PDF and ePub formats from Manning Publications. About the technology Most business software is developed and improved iteratively, and can change significantly even after deployment. By contrast, because LLMs are expensive to create and difficult to modify, they require meticulous upfront planning, exacting data standards, and carefully-executed technical implementation. Integrating LLMs into production products impacts every aspect of your operations plan, including the application lifecycle, data pipeline, compute cost, security, and more. Get it wrong, and you may have a costly failure on your hands. About the book LLMs in Production teaches you how to develop an LLMops plan that can take an AI app smoothly from design to delivery. You'll learn techniques for preparing an LLM dataset, cost-efficient training hacks like LORA and RLHF, and industry benchmarks for model evaluation. Along the way, you'll put your new skills to use in three exciting example projects: creating and training a custom LLM, building a VSCode AI coding extension, and deploying a small model to a Raspberry Pi. What's inside

- Balancing cost and performance
- Retraining and load testing
- Optimizing models for commodity

hardware • Deploying on a Kubernetes cluster About the reader For data scientists and ML engineers who know Python and the basics of cloud deployment. About the author Christopher Brousseau and Matt Sharp are experienced engineers who have led numerous successful large scale LLM deployments. Table of Contents 1 Words' awakening: Why large language models have captured attention 2 Large language models: A deep dive into language modeling 3 Large language model operations: Building a platform for LLMs 4 Data engineering for large language models: Setting up for success 5 Training large language models: How to generate the generator 6 Large language model services: A practical guide 7 Prompt engineering: Becoming an LLM whisperer 8 Large language model applications: Building an interactive experience 9 Creating an LLM project: Reimplementing Llama 3 10 Creating a coding copilot project: This would have helped you earlier 11 Deploying an LLM on a Raspberry Pi: How low can you go? 12 Production, an ever-changing landscape: Things are just getting started A History of linguistics B Reinforcement learning with human feedback C Multimodal latent spaces

marvel movies upcoming 2025 list: Made to Kill Adam Christopher, 2025-09-23 It was just another Tuesday morning when she walked into the office— young, as I suspected they all might be, another dark brunette with some assistance and enough eye black to match up to Cleopatra. And who am I? I'm Ray, the world's last robot, famed and feared in equal measure, which suits me just fine— after all, the last place you'd expect to find Hollywood's best hit man is in the plain light of day. Raymond Electromatic is good at his job, the lone employee of the Electromatic Detective Agency—except for Ada, office gal and super-computer, the constant voice in Ray's inner ear. Ray might have taken up a new line of work, but money is money, after all, and he was programmed to make a profit. Besides, with his twenty-four-hour memory-tape limits, he sure can keep a secret. When a familiar-looking woman arrives at the agency wanting to hire Ray to find a missing movie star, he's inclined to tell her to take a hike. But she had the cold hard cash, a demand for total anonymity, and tendency to vanish on her own. Plunged into a glittering world of fame, fortune, and secrecy, Ray uncovers a sinister plot that goes much deeper than the silver screen—and this robot is at the wrong place, at the wrong time. *Made to Kill* is the thrilling new speculative noir from novelist and comic writer Adam Christopher. *Ray Electromatic Mysteries Brisk Money Made to Kill* Standard Hollywood Depravity Killing is My Business At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

marvel movies upcoming 2025 list: The Top Two Per Cent Randy Burrows, In a year when PEI was navigating the aftermath of Hurricane Fiona and preparing to host the Canada Winter Games, Randy Burrows captures the essence of family life with wit and heart. *The Top Two Per Cent* chronicles 2023—a remarkable period of resilience and transformation as the Island emerges from the pandemic to redefine its community spirit. Drawing on a style reminiscent of Stephen Leacock, Randy invites readers into his world, where everyday moments become unconventional tales in his year-end newsletter. From the triumphs and tribulations of raising teenagers to the excitement of competitive fencing, Randy's storytelling is filled with laughter, love, and relatable reflections on the challenges of family life. Join him as he recounts the highs and lows of the Burrows family, navigating the complexities of school, sports, and the unique circumstances surrounding life in PEI in 2023. With an open heart and playful energy, Randy reminds us that even in times of uncertainty, joy can be found in the mundane while connection can be forged through shared experiences. Perfect for fans of humorous memoirs, *The Top Two Per Cent* offers a heartfelt tribute to the strength of family and community during a truly unique time on PEI—where every story is a testament to resilience, laughter, and togetherness.

marvel movies upcoming 2025 list: Surrealism, Bugs Bunny, and the Blues Franklin Rosemont, 2025-02-11 Rediscover the most insightful and incendiary cultural commentaries from a leading figure in the revival of Surrealism. *Surrealism, Bugs Bunny, and the Blues* is a collection of Franklin Rosemont's writings on popular culture over a period of more than forty years. Rosemont, a self-taught scholar, poet, and artist, playfully uncovers the sometimes hidden-in-plain-sight writers and artists who managed to be both popular, vernacular, and in their own ways profoundly

revolutionary. Rosemont skillfully weaves together what most people regard as unlikely threads. The labor culture of the nineteenth century anarchist movement gains new meaning when connected to the famed Chicago musicians of blues and jazz. Rosemont's interests from childhood extended from his favorite animators and comic art—Mel Blanc and Tex Avery, Scrooge McDuck, Mighty Mouse, Krazy Kat, Smokey Stover, and Power House Pepper—to nineteenth century drug-taker Benjamin Paul Blood, or the barely remembered best-selling utopian writer Edward Bellamy. Palindromes and other wordplay counted along with radical environmentalism, modern dance alongside the “mad” self-taught Henry Darger. Find all these and much more, exploring the inventory of Franklin Rosemont's discoveries and his luminous, unpredictable exploration of himself. An introductory essay by Abigail Susik and an afterword by Paul Buhle frame his work and life.
