Exploring the Multiverse: New Characters and Storylines

Continuity and Connections in the MCU Series

## Upcoming Marvel Series and Their Premieres

The primary home for new Marvel series continues to be Disney+, and the platform has a robust slate of projects in various stages of development and production. Marvel Studios has strategically used the streaming service to deepen character arcs, explore new corners of the MCU, and introduce characters that will eventually cross over into the filmic endeavors. The synergy between Disney+ series and MCU films is a cornerstone of the franchise's current strategy, allowing for more intricate storytelling and character development than previously possible. Each new series aims to offer a unique tone and perspective while remaining intrinsically linked to the overarching narrative.

## Confirmed Marvel Series and Their Premieres

Several Marvel series have been officially announced with confirmed release windows or are currently in production, generating significant excitement among fans. These projects represent a diverse range of characters and genres within the MCU.

- **Agatha All Along:** Following her memorable role in WandaVision, Kathryn Hahn returns as Agatha Harkness in this series. The show is expected to lean into a more supernatural and comedic tone,

exploring Agatha's past and her continued interactions with the magical elements of the MCU. Early reports suggest a darker, more witchy aesthetic.

- **Daredevil: Born Again:** This highly anticipated series marks the return of Charlie Cox as Matt Murdock, a character beloved from his Netflix tenure. The series promises to delve deeper into Daredevil's life as a lawyer and vigilante in Hell's Kitchen, facing familiar foes and new threats. The tone is expected to be grittier and more grounded, aligning with the character's origins.
- **Ironheart:** Dominique Thorne stars as Riri Williams, a brilliant young inventor who creates a suit of armor comparable to Iron Man's. The series will explore her journey as a superhero and her integration into the broader MCU, potentially bridging the gap between technological advancements and the magical and cosmic elements of the universe.
- **Wonder Man:** Starring Yahya Abdul-Mateen II as the titular character, Wonder Man is expected to be a satirical take on Hollywood and the superhero genre itself. The series will explore the life of Simon Williams, a stuntman who gains superpowers, and promises a unique blend of comedy and action, offering a meta-commentary on the industry.

## The Future of Marvel Television: What's Next?

Beyond the immediately confirmed series, Marvel Studios has a pipeline of projects that are either in early development or heavily rumored. These future endeavors suggest a continued expansion of the MCU's thematic and character-driven narratives. The studio is known for its careful planning, and while not all projects are announced far in advance, the trajectory indicates a sustained commitment to original streaming content. The success of past series has undoubtedly influenced the types of stories Marvel is looking to tell next, often focusing on niche characters or unexplored aspects of the universe.

## Exploring the Multiverse: New Characters and Storylines

The introduction of the multiverse in recent MCU phases has opened the door for a vast array of new characters and storylines to be explored. Upcoming series are likely to capitalize on this concept, bringing in characters from different realities or exploring the implications of alternate timelines. This allows for creative freedom and the potential to reintroduce fan-favorite characters from past Marvel iterations or introduce entirely new concepts that expand the MCU's reach beyond its established canon. The possibilities are nearly endless, offering exciting prospects for both creators and audiences.

# Continuity and Connections in the MCU Series

A key element of the Marvel Cinematic Universe is its interconnectedness, and this holds true for the Disney+ series as well. While each series aims to provide a self-contained narrative, they are designed to feed into the larger MCU tapestry. This means events and characters from one series can influence or be influenced by happenings in other shows and films. Understanding these connections is often key to fully appreciating the nuances of the overarching story. Marvel Studios carefully orchestrates these cross-references, ensuring that each piece of content adds value to the grander narrative.

## The Role of Disney+ in the MCU's Expansion

Disney+ has become an indispensable platform for Marvel Studios to tell more intimate and character-focused stories. The series allow for deeper dives into the psychology and motivations of characters who may have had limited screen time in the films. This serialized format enables creators to explore complex themes and character arcs over multiple episodes, providing a richer experience for fans. Furthermore, Disney+ serves as a testing ground for new characters and concepts, potentially paving the way for their introduction into the feature film side of the MCU. The accessibility of the platform also means that a wider audience can engage with these stories than ever before.

## Are There Any New Marvel Series Coming Out? A Look Ahead

The question of "are there any new Marvel series coming out" is met with an enthusiastic "yes" from Marvel Studios. The franchise shows no signs of slowing down its output on Disney+, with a consistent stream of new and returning series slated for release. The studio has a long-term vision for its streaming content, ensuring that fans will have a steady supply of MCU adventures to look forward to. These upcoming series are not just standalone projects; they are integral components of the evolving MCU narrative, promising to expand the lore, introduce new heroes and villains, and connect in exciting ways with the established cinematic universe. The continued investment in Disney+ series underscores Marvel's commitment to its dedicated fanbase and its strategy to deliver compelling content across multiple platforms.

## FAQ

### **Q: What is the next confirmed Marvel series to be released on Disney+?**

A: The next officially confirmed Marvel series scheduled for release on Disney+ is *Agatha All Along*.

**Q: Are there any new X-Men related series planned for Disney+?**

A: While there are no directly confirmed X-Men series in the immediate pipeline for Disney+, Marvel Studios has expressed interest in exploring mutants within the MCU. The long-term plans for the X-Men's integration remain a subject of much speculation.

**Q: Will the new Marvel series connect to the upcoming MCU movies?**

A: Yes, a core tenet of Marvel Studios' strategy is the interconnectedness of its film and streaming content. New Marvel series are designed to tie into the broader MCU narrative, with events and characters often impacting or being impacted by the upcoming movies.

**Q: How many new Marvel series are expected to be released in the next year?**

A: Marvel Studios typically aims to release multiple new series each year on Disney+, alongside films. The exact number can vary based on production schedules, but fans can generally expect at least 3-5 new series annually.

**Q: Are any characters from the Netflix Marvel shows returning in new Disney+ series?**

A: Yes, characters like Daredevil and Kingpin, who originated in Netflix Marvel series, are returning in new Disney+ productions, notably Daredevil: Born Again. This suggests a continued integration of characters and storylines from previous Marvel television ventures.

**Q: What kind of tone can be expected from the new Marvel series?**

A: The tone of new Marvel series varies widely, from the supernatural and comedic approach of Agatha All Along to the grittier, street-level action expected from Daredevil: Born Again. Marvel Studios aims to offer diverse genres and tones to appeal to a broad audience.

**Q: Are there any animated Marvel series coming out on Disney+?**

A: While the focus has been on live-action series, Marvel Studios has also released animated projects like What If...? and is expected to continue exploring animation for specific storytelling needs within the MCU.

## Q: Will there be any series focusing on cosmic characters like the Guardians of the Galaxy?

A: While Guardians of the Galaxy Vol. 3 concluded a major arc, Marvel Studios often explores cosmic elements through various avenues. It's plausible that new series focusing on cosmic characters or events could be announced in the future.

**are there any new marvel series coming out: The Ride of a Lifetime** Robert Iger, 2019-09-23 #1 NEW YORK TIMES BESTSELLER • A memoir of leadership and success: The CEO of Disney shares the ideas and values he embraced while reinventing one of the world's most beloved companies and inspiring the people who bring the magic to life. AN NPR BEST BOOK OF THE YEAR Robert Iger became CEO of The Walt Disney Company in 2005, during a difficult time. Competition was more intense than ever and technology was changing faster than at any time in the company's history. His vision came down to three clear ideas: Recommit to the concept that quality matters, embrace technology instead of fighting it, and think bigger—think global—and turn Disney into a stronger brand in international markets. Today, Disney is the largest, most admired media company in the world, counting Pixar, Marvel, Lucasfilm, and 21st Century Fox among its properties. Under Iger's leadership, Disney's value grew nearly five times what it was, making Iger one of the most innovating and successful CEOs of our era. In The Ride of a Lifetime, Robert Iger answers the question: What are the qualities of a good leader? He shares the lessons he learned while running Disney and leading its 220,000-plus employees, and he explores the principles that are necessary for true leadership, including: • Optimism. Even in the face of difficulty, an optimistic leader will find the path toward the best possible outcome and focus on that, rather than give in to pessimism and blaming. • Courage. Leaders have to be willing to take risks and place big bets. Fear of failure

destroys creativity. • Decisiveness. All decisions, no matter how difficult, can be made on a timely basis. Indecisiveness is both wasteful and destructive to morale. • Fairness. Treat people decently, with empathy, and be accessible to them. This book is about the relentless curiosity that has driven Iger since the day he started as the lowliest studio grunt at ABC. It's also about thoughtfulness and respect, and a decency-over-dollars approach that has become the bedrock of every project and partnership Iger pursues, from a deep friendship with Steve Jobs in his final years to an abiding love of the Star Wars mythology. "The ideas in this book strike me as universal," Iger writes. "Not just to the aspiring CEOs of the world, but to anyone wanting to feel less fearful, more confidently themselves, as they navigate their professional and even personal lives."

**are there any new marvel series coming out:** *The Lost World - Jurassic Park Complete*, Four issue movie adaptation mini-series.

**are there any new marvel series coming out:** *Deadworld #26* Randall Thayer, Mark Bloodworth, 2015-01-28 The exciting conclusion to the first volume of the Deadworld comic series. As the jade giantess smashes the glass ceiling at her new law firm, she does the same to the fourth wall between character and audience - quipping with readers and arguing with her comic's creators as she takes on bizarre foes including the Circus of Crime, the Toad Men, Stilt-Man and Xemnu the Titan! Plus: Jen meets Golden Age hero the Blonde Phantom and learns harsh lessons about the rules of comics! The mayhem of Madcap! A wedding proposal like no other! And She-Hulk: The Movie?!

**are there any new marvel series coming out:** *All of the Marvels* Douglas Wolk, 2023-10-03 Winner of the 2022 Eisner Award for Best Comics-Related Book A New York Times Book Review Editor's Choice The first-ever full reckoning with Marvel Comics' interconnected, half-million-page story, a revelatory guide to the "epic of epics"—and to the past sixty years of American culture—from a beloved authority on the subject who read all 27,000+ Marvel superhero comics and lived to tell the tale "Thorough, fascinating, and joyfully executed, All of the Marvels is essential reading for fans and scholars alike." —G. Willow Wilson (Ms. Marvel) "A revelation, a tour both electrifying in its weird charisma and replenishing in its loving specificity . . . a testament, and a tribute." —Jonathan Lethem "Brilliant, eccentric, moving and wholly wonderful. . . . Wolk proves to be the perfect guide for this type of adventure: nimble, learned, funny and sincere. . . . All of the Marvels is magnificently marvelous. Wolk's work will invite many more alliterative superlatives. It deserves them all." —Junot Díaz, New York Times Book Review The superhero comic books that Marvel Comics has published since 1961 are the longest continuous, self-contained work of fiction ever created. Thousands of writers and artists have contributed to it. Everyone recognizes its protagonists. Eighteen of the hundred highest-grossing movies of all time are based on parts of it. And Douglas Wolk has read the whole thing. Wolk sees both into the ever-expanding story and through it, as a prism through which to view the landscape of American culture. In his hands, the

mammoth Marvel narrative becomes a fun-house-mirror history of the past sixty years—a boisterous, tragicomic, magnificently filigreed epic about power and ethics, set in a world transformed by wonders. A huge treat for Marvel fans, this book is also a revelation for readers who don't know Doctor Strange from Doctor Doom. Here, truly, are all of the marvels.

**are there any new marvel series coming out:** Time the Marvel Universe The Editors of TIME, 2019-03-01 From the panels that birthed heroes including the Fantastic Four and Spider-Man to the billion-dollar modern box-office phenomena of the X-Men and the Avengers, Marvel has transcended beyond comic books and superheroes and now sits firmly in our collective consciousness. Now, in a new special edition from the editors of TIME, Earth's mightiest heroes have assembled in celebration and triumph of one comic book company's enduring legacy and the media empire it has spawned. This special edition covers the history of the superhuman powerhouse, a trip through the Marvel Cinematic Universe, the evolution of televised heroes, and the lasting impact of fictional heroes becoming real-life icons. Additionally, we delve into the emotional connection that we form with these characters and why we worship them. We'll also take a look at the future of the Marvel Cinematic Universe and will test your knowledge of the MCU as well.

**are there any new marvel series coming out:** The Marvel Universe Meredith Premium Publishing, 2021-10-29 As the latest phase of the Marvel Cinematic Universe begins to build momentum, this special issue takes a look at the past, present and future of the pop-culture powerhouse that spawned Spider-Man, Captain America, the X-Men, Black Panther and countless other superheroes. For more than 80 years, Marvel has told stories of some of the most colorful and relatable characters in comic books, on TV and, of course, in movie theaters, growing from a fringe fandom to a worldwide phenomenon.

**are there any new marvel series coming out:** Ms. Marvel's America Jessica Baldanzi, Hussein Rashid, 2020-02-28 Contributions by José Alaniz, Jessica Baldanzi, Eric Berlatsky, Peter E. Carlson, Sika A. Dagbovie-Mullins, Antero Garcia, Aaron Kashtan, Winona Landis, A. David Lewis, Martin Lund, Shabana Mir, Kristin M. Peterson, Nicholas Pumphrey, Hussein Rashid, and J. Richard Stevens Mainstream superheroes are becoming more and more diverse, with new identities for Spider-Man, Captain America, Thor, and Iron Man. Though the Marvel-verse is becoming much more racially, ethnically, and gender diverse, many of these comics remain shy about religion. The new Ms. Marvel, Kamala Khan, is a notable exception, not only because she is written and conceived by two women, Sana Amanat and G. Willow Wilson, but also because both of these women bring their own experiences as Muslim Americans to the character. This distinct collection brings together scholars from a range of disciplines including literature, cultural studies, religious studies, pedagogy, and communications to engage with a single character, exploring Khan's significance for a broad readership. While acknowledged as the first Muslim superhero to headline her own series, her character appears well developed and multifaceted in many other ways. She is the first character to take over an established superhero persona, Ms. Marvel, without a reboot of the series or death of the original character. The teenager is also a second-generation immigrant, born to parents who arrived in New Jersey from Pakistan. With essays from and about diverse voices on an array of topics from fashion to immigration history to fandom, this volume includes an exclusive

interview with Ms. Marvel author and cocreator G. Willow Wilson by gender studies scholar Shabana Mir.

**are there any new marvel series coming out: More Happy Than Not (Deluxe Edition)**

Adam Silvera, 2020-09-08 A special Deluxe Edition of Adam Silvera's groundbreaking debut featuring an introduction by Angie Thomas, New York Times bestselling author of *The Hate U Give*; a new final chapter, *More Happy Ending*; and an afterword about where it all began. In his twisty, heartbreaking, profoundly moving New York Times bestselling debut, Adam Silvera brings to life a charged, dangerous near-future summer in the Bronx. In the months following his father's suicide, sixteen-year-old Aaron Soto can't seem to find happiness again, despite the support of his girlfriend, Genevieve, and his overworked mom. Grief and the smile-shaped scar on his wrist won't let him forget the pain. But when Aaron meets Thomas, a new kid in the neighborhood, something starts to shift inside him. Aaron can't deny his unexpected feelings for Thomas despite the tensions their friendship has created with Genevieve and his tight-knit crew. Since Aaron can't stay away from Thomas or turn off his newfound happiness, he considers taking drastic actions. The Leteo Institute's revolutionary memory-altering procedure will straighten him out, even if it means forgetting who he truly is. Why does happiness have to be so hard?

**are there any new marvel series coming out: Marvel Graphic Novels and Related Publications**

Robert G. Weiner, 2008-09-18 This work provides an extensive guide for students, fans, and collectors of Marvel Comics. Focusing on Marvel's mainstream comics, the author provides a detailed description of each comic along with a bibliographic citation listing the publication's title, writers/artists, publisher, ISBN (if available), and a plot synopsis. One appendix provides a comprehensive alphabetical index of Marvel and Marvel-related publications to 2005, while two other appendices provide selected lists of Marvel-related game books and unpublished Marvel titles.

**are there any new marvel series coming out: Black Panther: Wakandan "Civitas" and Panthering Futurity**

Jorge Serrano, 2023-01-31 This interdisciplinary academic study is for readers interested in film, media, and the comic book genre. Superhero theories are abundant, especially considering their use as a tool for coping with adversity, and some note that it is an integral part of American society, young formative minds, in particular. It is not just about learning morals but also seeing how an ideal society should function and look. There are works that review superheroes and theories about comic book series adaptations in film and text, but the writers in this compendium engage not only with the film and the intersectionality of women, Asian culture, Du Bois, and even Greek Ajax and others for comparison but also comparative analysis of works that capture African and African diasporic representation throughout various historical time periods. The anthology presents discourse that engages a variety of assessments that involve questions of positive and pejorative representation. Educators will find this a useful tool for undergraduate students as well as general audiences interested in this popular film/comic series.

**are there any new marvel series coming out: Panthers, Hulks and Ironhearts**

Jeffrey A. Brown, 2021-01-15 *Panthers, Hulks and Ironhearts* offers the first comprehensive study of how Marvel has racially diversified its lineup and reimagined what a superhero might look like in the twenty-first century. It examines how they have revitalized older characters like Black Panther, recast legacy heroes like Ms. Marvel, and developed new ones like the Latina Miss America.

**are there any new marvel series coming out: Savage Dragon #34**

Erik Larsen, 1996-11-30 Brainiape, who is revealed to be Adolph Hitler's brain preserved within the body of a gorilla, is sent on a mission to kill the Dragon by Cyberface, the defacto leader of the Vicious Circle. Cyberface is decomposing, so to save him, Abner Cadaver summons the creatures of the undead, who attack the world-renowned paranormal investigator Hellboy.

**are there any new marvel series coming out: Deadly Class #15**

Rick Remender, 2015-08-05 There is a battle coming. A battle royale if you will. But Marcus is in no shape for a fight.

**are there any new marvel series coming out: The Routledge Companion to Comics**

Frank Bramlett, Roy Cook, Aaron Meskin, 2016-08-05 This cutting-edge handbook brings together an international roster of scholars to examine many facets of comics and graphic novels. Contributor

essays provide authoritative, up-to-date overview of the major topics and questions within comic studies, offering readers a truly global approach to understanding the field. Essays examine: the history of the temporal, geographical, and formal development of comics, including topics like art comics, manga, comix, and the comics code; issues such as authorship, ethics, adaptation, and translating comics connections between comics and other artistic media (drawing, caricature, film) as well as the linkages between comics and other academic fields like linguistics and philosophy; new perspectives on comics genres, from funny animal comics to war comics to romance comics and beyond. The Routledge Companion to Comics expertly organizes representative work from a range of disciplines, including media and cultural studies, literature, philosophy, and linguistics. More than an introduction to the study of comics, this book will serve as a crucial reference for anyone interested in pursuing research in the area, guiding students, scholars, and comics fans alike.

**are there any new marvel series coming out:** *James Bond #3 (2020)* James Bond Comics, *James Bond #3 (2020)* : The first arc concludes, from VITA AYALA (Morbis), DANNY LORE (Queen of Bad Dreams) and ERIC GAPSTUR (The Flash). Bond is in over his head. What started as a “punishment” assignment has expanded into a world of international crime that Bond can’t wrap his mind around. Will 007 accept that the mission is too big for one spy, and seek assistance...or will pride be his downfall?
