As a Black actress finally breaking barriers with my first leading role, I've fought too hard to let anonymous threats derail everything I've worked for. When the studio forced a security specialist on me, I saw him as just another restriction in an industry full of them. I never expected Ryan Campbell to see past my careful performance to the woman beneath. Now, as racially-charged threats escalate from hateful messages to physical danger, I find myself torn between the career I've sacrificed everything for and the undeniable pull toward the one man who makes me feel both exposed and truly safe. With cameras capturing our every move and industry prejudices ready to label me by who I love rather than my talent, surrendering to these feelings could cost me everything-my breakthrough role, my hard-won reputation, or worse, my heart. In the harsh spotlight of fame and racial tensions, can a Black actress and her white bodyguard find safety in each other's arms, or will the forces determined to tear them apart succeed in destroying more than just Imani's rising star?
